

SAFETY ON YOUR GRIP

H33EDL SAFETY GLOVES

13-gauge hi-vis cut-resistant glove with a seamless high-performance yarn and glass fiber liner, providing ANSI A3 protection. Sandy nitrile palm coating ensures strong grip and abrasion resistance in dry, wet, or oily conditions. Impact-resistant back padding and reinforced thumb crotch offer added protection and durability, while the lightweight 13-gauge design ensures comfort, dexterity, and visibility for safer work.

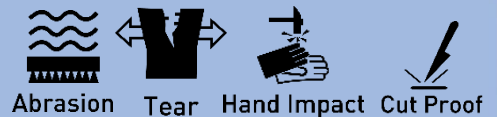

BUILT FOR TOUGH ENVIRONMENTS

Industry application:

- Automotive & Auto Workshops
- Metal Fabrication & Engineering
- Maintenance and Utilities
- Glass Industry
- Construction & Carpentry
- Maintenance & Utilities
